# FROM THE PASTOR

Dear Church family,

We live in a world that has at its disposal more information than ever before. This information no longer has to be found in the books of a library, but rather by just a push of a button, saying, “Hey Google, Siri, or Alexa” followed by our question. Since a lot of people believe what their friends tell them, or what they read on Facebook or watch on YouTube, it is becoming more and more apparent that a good majority of people don’t really have a biblical world view, and even many Christians don’t seek out the Word of God for their source of information and leadership for their lives.

A Christian world view has 3 foundational beliefs: 1) We are God’s creation, designed to govern the world and fellowship with Him (**Genesis 1:27-28; 2:15**). 2) We sinned against God and subjected the whole world to a curse (**Genesis 3**). 3) God Himself has redeemed the world through the sacrifice of His Son, Jesus Christ (**Genesis 3:15; Luke 19:10**), and will one day restore creation to its former perfect state (**Isaiah 65:17-25**). A Christian world view leads us to believe in moral absolutes, miracles, human dignity, and the possibility of redemption.

A biblical world view is comprehensive. It affects every area of life, from money to morality, from politics to art. True Christianity is more than a set of ideas to use at church. Christianity as taught in the Bible is itself a world view. The Bible never distinguishes between a “religious” and a “secular” life; the Christian life is the only life there is. Jesus proclaimed Himself “*the way, the truth, and the life*” (**John 14:6**) and, in doing so, became our world view.

According to a 2017 Gallop poll, over the past three decades, Americans’ view of the Bible as the literal word of God has been declining, while their view that the Bible is a collection of fables, myths and history recorded by man has been increasing. The shift is most pronounced among young adults, indicating the trend is likely to accelerate in the years ahead. A lack of a biblical world view, and the belief that the Bible is truly a document with God as the inspired author is part of the reason that [growing public acceptance](#) of a variety of behaviors that were once largely frowned on from a Christian perspective -- ranging from gay marriage and premarital sex to out-of-wedlock births and physician-assisted suicide.

Let us commit to move back to the authority of God’s word as the guidebook for our lives.

In His Service

PASTOR RALPH
