

REAL COMMUNION

ACTS 2:42-47

FEBRUARY 16, 2020

RALPH NYGARD, LEAD PASTOR

FROM THE PASTOR

Dear Church family,

One of the blessings of being part of a Church is learning how to become members of one another. When people are baptized I usually use the phrase, "I baptize you my brother or I baptize you my sister in the name of Father, the Son, and the Holy Spirit." It is through our relationship with Jesus Christ that we become family through His blood that was spilt on the cross of Calvary for the remission of our sins. We become blood brothers and sisters, and that relationship is maintained throughout this life and eternally in heaven.

Today, as we come together in a Joint worship service, we have planned this day along with the fellowship around the Lord's Table, and the fellowship around the dinner table to follow the service in order to reinforce the biblical teaching of the unity that must exist in every church. Just like our biological families have diversity; our church family must have Unity in Diversity. Families that really love one another are always willing to put aside their personal preferences in order to support the preferences of their brother or sister. We do this all the time in our biological families. Last night my wife Diane made spaghetti for Supper. She really isn't that fond of Italian food, but she knows that I like Spaghetti, so she is willing to put aside her personal preferences in order to please me, and likewise I do the same with Mexican food.

My point is the church is not designed just to make us happy and to fulfill all of our desires and personal preferences. The Church exists to magnify Jesus through our example of love, forgiveness, charity, and sacrifice. We must always think about how we can serve God by serving others. When do this, we will experience great joy and power in our daily lives.

In His Service,

Pastor Ralph
