Dear Church family,

Vacation Bible School brings back a lot of positive and fun memories to me. When I was growing up I remember getting to the church early in the morning and standing out in the hot sun until it was time to go inside for the opening assembly. Even though there was a lot of traditions and structure connected to VBS, I remember looking forward to attending each day. The church building didn't take on a very different look, and the refreshments were usually made up of a couple of cookies and kool aid. I remember assembling some really neat crafts that my mom displayed proudly in our home. Even though the VBS that I experienced as a kid was pretty laid back when compared to what is done today, I still am thankful for the sacrifices of time and love that was shared with me during those 3 hours each day.

My point in taking the trip down memory lane is that although VBS has changed format over the years, the impact on Kids lives still remains tremendous. Through VBS, children are still being led to understand the love of Jesus and his importance in their lives.

As you noticed today, our church building has been transformed into an underwater sea of fun and adventure. Much planning, hard work and preparation has been put into making this the best week of the summer for the hundreds of children who will attend. The Bible reminds us that children are a blessing from God and that we should do all that we can do to help them come to understand just how much they are loved and cherished. After all, these children are the future parents and the future leaders in the church.

It's been proven that most people who will accept the gift of salvation through Christ will do so at an early age. The years that children attend the children's ministry of a church should be looked at as the greatest investment we can make in ministry. Thank you Church family for standing behind our Children's ministry with your support and prayers. For our volunteers, thank you in advance for your gift of service and ministry that you will give this week. God will bless you mightily.

In Christ's Love,

Pastor Ralph

Missionary Moments

[Hawaii] On the surface, Hawaii appears to be paradise. It is actually a dark place economically and spiritually. At least 50 percent of the population lives on some form of welfare. The use and selling of meth is rampant. Hawaii is a sex-trafficking hub for the Pacific, and more than 93 percent of the people have no relationship with Jesus. ZEKE TOMASELLI and his family are working to change that by planting churches all over Hawaii. Because of faithful servants like Zeke and your partnership through the Cooperative Program, lives are being changed. Pray for native leaders to be raised up and for new churches to be planted in Hawaii and throughout the Pacific.
